PREFACE

IN presenting this issue of the Cleveland Blue Book and Social Directory, the author and publisher is convinced that the work will prove more complete and useful to its subscribers than any previous issue.

All the features that have heretofore made the book valuable have been retained and several additions have been made.

This edition contains the names and addresses of prominent families, the names of clubs to which each man of the family belongs, the Alma Mater of each college graduate, and the names of the junior members of the family between twelve and twenty years of age, and the leading clubs of Cleveland. All this information is given in connection with the alphabetical list of names, and street list, giving the volume a high value from the standpoint of ready reference.

The author and publisher tenders her thanks to those who have made the present work possible by their subscriptions and assistance, and expresses the hope that the work will fully meet all requirements.

HELEN DE KAY TOWNSEND.

Investing Your Surplus

FREQUENTLY people find it quite a problem to invest their money in a satisfactory way. By "satisfactory" we mean an investment which is safe, which will yield a good rate of interest, and will involve no inconvenience. It is not always easy to find an investment which contains all these elements.

We are always pleased to consult with anyone who has this problem to solve, and we aim to give the best advice we can, regardless of whether the inquirer decides to buy from us or not. We are in a position to offer a well diversified list of investment securities at all times. These include the highest grade municipal, public utility and industrial bonds, paying up to 7½%.

Under our partial payment plan, securities can be bought and paid for in installments, suiting the purchaser's convenience. In the meantime the money paid draws interest at the full rate.

Call or write for particulars.

Established schools, the value of which, together with their appropriations, total more than $1,000,000;

Transportation—a vision made real—divesting daily travel of its dread: The RAPID TRANSIT railway;

Security for 78 years yet to come, from all which depreciates values or is hostile to the perfection of home environment;

EXPLANATORY

IN the following Alphabetical List, the names in italic type immediately below the names of a man and wife or a widow denote the woman's maiden name. The letters and figures following names denote the clubs, college degrees and year of graduation of the husband. The same principle is followed with regard to other names in the family. The prefix Junior signifies children between the ages of twelve and eighteen for girls and fourteen and twenty for boys.

Many requests have been made of the author to continue a list of former residents of Cleveland. This has been done with the view that it will prove of inestimable value in sending out invitations.

Social Events

The social life of Cleveland may be said to center at Hotel Statler. Have you considered the convenience and satisfaction (economy, too) of using the Statler's facilities for entertaining?

The private dining rooms and assembly rooms make possible a degree of pleasure and convenience which every hostess is quick to appreciate.

Luncheon, tea, card party, dinner, dance—whatever the event, the Statler's equipment, personnel and experience are always at your service.

In Other Cities

WHEN you are going to any of the five other cities in which there are Statler-owned hotels, the local Statler will be happy to make all arrangements for you (in advance, if necessary) without charge, just call the manager's office and everything will be attended to for you in the further towns.

There are Hotels in Buffalo, Detroit and St. Louis, you know, and Hotel Pennsylvania, New York (which is the world's largest hotel) is Statler-owned. You will be at home and comfortable in any of them.

Street List

In locating a street number it must be borne in mind that Euclid avenue is the dividing line between north and south on the East Side, while Lorain avenue is the dividing line on the West Side. Ontario avenue marks the city's dividing line east and west.

The numbers on cross streets abutting on St. Clair avenue are 1300, on Superior avenue 1500, on Payne avenue 1700, on Euclid avenue 2000, on Prospect avenue 2050, on Carnegie avenue 2080, on Cedar avenue 2100, on Central avenue 2300, on Scovill avenue 2500, on Woodland avenue 2600, on Broadway 3500. On the West Side the numbers on Detroit avenue are 1400, on Franklin avenue 1600, on Lorain avenue 2000. This will give a key to the numbers on the streets running north and south.

Streets in various well-known sections have been listed under districts, i. e., streets in Wade Park district will be found under the heading, Wade Park District; in Cleveland Heights, under that division. The only exceptions are Euclid Avenue, Detroit Avenue, Clifton Boulevard and Lake Avenue, which are continuous under their respective heads, with subheads indicating where they enter districts outside of Cleveland.

The Service of Natural Gas

WE KNOW THAT it is our duty to supply you with natural gas in the greatest possible quantities and with the fairest possible distribution, as long as it lasts.

EVERY HELPFUL SERVICE which we can devise or you can ask of us in the work of getting the best results from the product we sell is also expected of us.

THIS responsibility, too, we have always accepted because it is our duty and our business to sell just as much gas as we can, just as reasonably as we can, to as many people as we can, and as helpfully as we can.
